We would like to keep the site walk January 7<sup>th</sup> since we already have confirmation from BNSF, lina Ba, Arcadis and NMED for that day. The only thing not worked out is what time we are meeting that day and where.

Please let me know if this won't work.  
Ali

Good morning Ali:

January 7, 2020 would be good for me for the site walk in Haystack. The week on January 13, 2020 we have our Quarterly meeting with EPA in Window Rock.

Sona and Steve:

What about scheduling the site walk the day after the Quarterly meeting, just a thought.

Vivian

Thanks for the update Vivian.

The time for the TCRA site walk has not been set yet. I will talk with our team and get back to everyone on timing.

Thanks

Ali

**Subject:** RE: BNSF Haystack - Revised Homesite Locations and Survey

Good afternoon:

I have placed a call to Mr. Bitsoi, Surveyor and left a message for him to call me. Once he returns my call I can schedule with him on his availability to conduct the two surveys.

I spoke to Tina, BIA Reality Crownpoint she said the Environmental Review packets will stay in order and once the survey plats are completed she will include them in the packet.

What time is the TCRA site walk scheduled for on January 7, 2019. I would prefer around 10:00 am. I am scheduled for other field work that week.

Thank you,

Vivian

**Subject:** BNSF Haystack - Revised Homesite Locations and Survey

Good afternoon,

Based on the shapefiles sent by NNEPA, Arcadis has plotted the revised proposed homesite locations on the attached figure. It is our understanding that NNEPA and [Ex. 6 Personal Privacy (PP)] have approved these locations, with the only change being [Ex. 6 Personal Privacy (PP)] will be to the northwest of [Ex. 6 Personal Privacy (PP)]. After reviewing the proposed locations, BNSF agrees with these homesite locations. If EPA and NNEPA agree, we would like to have Vivian schedule the surveyor to perform the survey based on the shapes/coordinates shown in the attached figure. I have talked to Vivian and she stated she would make herself available, along with Darlene, for the survey to ensure the surveyor matches the locations in the attached figure.

If anyone has any comments or concerns with these areas, please reply by noon pacific time on Thursday, December 19. Otherwise, we will plan on moving forward by having Vivian schedule the surveyor.

Thanks  
Ali
